## Upcoming Mission: October - November 2021

This is the first overseas mission since the Covid-19 pandemic! The prospects of ministering in person again is exciting beyond description. This mission has been very difficult to plan with international covid regulations constantly changing.

The focus for this mission is to evangelize with the gospel message, train leaders, pray for the sick and build up the saints of Europe. This is to take place in gypsy villages, drug and alcohol rehabs, churches and leadership conferences in the nations of **England, Wales, Hungary, Moldova, Ukraine, Czechia and Romania**. Please pray with us. These plans can change suddenly because of the upswing in the Delta variant.

At this time we still need \$4,100 for the budget. Please keep this in prayer as well as safe travel and powerful outpourings of the Holy Spirit in every nation. Our desire is for souls to come to Christ.

*Doug and Angie Pitman*
